### **Pavement marking scheduled for Airbase Parkway**

**Fairfield, California (Thursday, September 6, 2012)** - The City of Fairfield is planning a two-week project, beginning the week of September 10, to replace the pavement markings on Airbase Parkway between Interstate 80 at Heath Drive and Parker Road, just outside of Travis Air Force Base.

To minimize impacts on traffic, the work is scheduled to take place between 8 p.m. and 5 a.m. nightly. The work will include temporary lane closures.

The project involves grinding off old markings and prepping the roadway for the new markings. During the second week, new pavement markings will be applied. The major change will be a dedicated lane at the gate that serves David Grant Medical Center. Additionally, there will be a combination lane that serves both the main gate and the hospital gate. The changes are being made due to increased traffic going into the hospital gate.

### **About the Public Works Department**

City of Fairfield Public Works employees include those who maintain, operate, and manage the water treatment and distribution systems, sewer collection systems, storm drainage systems, public transportation, public buildings, parks and landscaping, streets, traffic control devices, and the City fleet. In addition, they oversee the preparation of all private and public development plans, and are responsible for reviewing new construction and public improvements within the city of Fairfield. The Public Works Department is committed to planning, designing, building, operating, and maintaining infrastructure and facilities that will stand the test of time. To learn more about the projects and services provided by the Public Works Department, please refer to the City of Fairfield's website [www.fairfield.ca.gov](http://www.fairfield.ca.gov).
